

Automotive Aftermarket Catalog

Petra Automotive Products

Headquartered in Houston, TX,
the energy capital of the world!

Petra Automotive Products was founded on the principle of manufacturing top-quality products with innovative programs and superior training practices. The service and results that we deliver to our customers is unparalleled.

With our extensive experience in the industry, Petra Automotive Products establishes trust and credibility with each consumer. From service products and programs to finance and front end sales, we know and take pride in our place in the automotive business.

Petra Automotive Products

Headquartered in Houston, TX,
the energy capital of the world!

OUR VISION

To be a worldwide leader and supplier of quality automotive products and programs to the automotive aftermarket industry and retail outlets.

OUR MISSION

TO OUR CUSTOMERS:

We will sell, develop, and manufacture quality products. Working in conjunction with our customers to develop the products and programs they need to better service their customers.

TO OUR EMPLOYEES:

We will develop a work environment where you are challenged, empowered, and trained to achieve your goals as well as those of the company. Our workplace environment will be one of integrity and honesty showing respect to others. We will reward and motivate you to achieve higher accomplishments. Together there is no limit to what we can achieve.

Oil Change Service

Take Care of your Engine with Petra Premium Oil Change.

petraoilworld.com

Why?

Detergents in oil can break down and cause sludge and varnish inside your vehicle's engine. When this occurs it can cause your vehicle to run less efficiently and damage the engine. The more sludge is in your engine the harder your engine has to work. Why would you put new oil into a dirty engine?

With Petra's Premium Oil Change Service, your vehicle will be cleaned internally, with the same type of detergents found in synthetic oil. We will clean the engine prior to an oil change, safely removing sludge and varnish build-up, improving circulation of oil and promote a more complete drainage of the old oil. Petra's service helps prevent premature sludge and varnish build-up to maintain better fuel economy and long-lasting engine protection.

Fuel System Service

Get your vehicle performance back with Petra's Fuel System Service.

petrafuelworld.com

Why?

Carbon deposits build up in your fuel system over time and cause your vehicle to lose power, run less efficiently and reduce the performance your vehicle once had

With Petra's Fuel System Service your vehicle will be restored to a "like new" performance. Your vehicle's injectors, valve, combustion chamber and throttle body will be thoroughly cleaned. This service will help eliminate rough idle and decrease emissions and hesitation problems.

Petra's Fuel System Service also helps clean GDI and EGR carbon buildup.

Cooling System Service

Take care of your vehicle’s cooling system with Petra’s Cooling System Service.

petracoolingworld.com

Why?

According to the Department of Transportation, the number one reason for mechanical breakdowns on the highway is due to cooling system failure.

Some automotive repair shops simply drain what is in your vehicle’s radiator, but what about the fluid in the engine and hoses? With Petra’s Cooling System Service your vehicle’s cooling system will be serviced completely. Petra’s service will exchange your fluid, clean your cooling system, remove rust and scale deposits, restore coolant flow, prevent cooling loss and leaks.

Automatic Transmission Service

Get a Petra Premium Transmission Service today. Your car’s transmission deserves it.

petratransworld.com

Why?

A typical transmission drain and fill only gets 40%-50% of the old fluid out. That’s like changing only 1/2 of the oil in your engine when doing a regular oil change. You wouldn’t do that to your engine, and you shouldn’t do it to your transmission. Sludge and varnish build-up in your transmission can cause costly transmission failure.

It is important to maintain your vehicle’s transmission on a regular maintenance schedule. Petra’s Transmission Service will clean internal transmission components, remove internal sludge and varnish, replace 95% of the fluid, revitalize seals and extend transmission fluid life.

Brake System Service

Another way you can help keep your vehicle safe is with Petra's Brake Fluid Service.

petrabrakeworld.com

Why?

If you have a high level of moisture in your brake fluid it could lead to a sluggish brake system, corrosion of components and even brake failure. It's about safety!

On a regular maintenance schedule, have your brake system fluid exchanged with Petra's Brake Fluid Service. Petra's brake service will exchange your brake fluid with new fluid that exceeds federal brake fluid specifications. This service will remove moisture, condensation and air from the brake system. It also helps extend the life of brake system components.

Power Steering System Service

Restore your vehicle's steering performance with Petra's Power Steering Service.

petrapstworld.com

Why?

Power Steering system over time can cause difficult, noisy steering. Gum and varnish may develop inside your vehicle's power steering system as well.

On a regular maintenance schedule, have your vehicle's power steering system serviced with Petra's Power Steering Service. Petra's service will dissolve sludge and gum in your vehicle's power steering unit. It protects against wear, oxidation and corrosion to restore quiet and smooth steering.

Differential & Transfer Case Service

Rear wheel drive, SUV, 2-wheel drive or 4-wheel drive. Get a Petra Differential Service today.

petradiffworld.com

Why?

Your vehicle's differential system goes through extreme conditions and wear. Did you know that some manufacturers recommend that you exchange your vehicle's differential fluid as often as 15,000 miles?

On a regular maintenance schedule, have your vehicle's differential fluid exchanged with Petra's Differential Service. Use Petra's fully-synthetic gear oil with limited slip additives to protect against wear and corrosion.

Air Conditioning Service

Bring your A/C back to life with Petra's Air Conditioning Service.

petraacworld.com

Battery Service

Extend the life of your vehicle's battery with Petra's Battery Service.

petrabatteryworld.com

Why?

It only takes a simple A/C compressor problem to bring your car's A/C system to its demise. Many of the problems that can occur in your auto A/C system can be connected with the loss of refrigerant which could lead to compressor failure. How about that smell? Did you know that mold and mildew can build up in your vehicle's A/C evaporator causing your air to smell? When was the last time you serviced your vehicle's A/C system? With Petra's A/C products and services, we can detect leaks, lubricate the system, and even eliminate odors caused by mildew, mold and bacteria.

EVAPORATOR ODOR ELIMINATOR
PART NO. 9007C

PetraLife™

Protect your vehicle's components with Petra Automotive Product Limited Lifetime Warranty

Two coverage levels, one is right for your vehicle...

Platinum Level:

The first qualifying service must be performed at or prior to 50,000 miles / 84,000 kilometers as shown on the unaltered odometer of a qualifying vehicle, serviced by a qualified technician at a qualified repair shop/professional installer.

The warranty is in effect 500 miles after qualifying service is performed.

The maximum benefit provided for vehicles qualifying under the "Platinum Level" is limited to \$5,000.00 USD.

See your local dealer for details.

Gold Level:

The first qualifying service must be performed between 50,001 miles / 84,001 kilometers and 100,000 miles / 160,000 kilometers as shown on the unaltered odometer of a qualifying vehicle, serviced by a qualified technician at a qualified repair shop/professional installer.

The warranty is in effect 1,000 miles after qualifying service is performed.

The maximum benefit provided for vehicles qualifying under the "Gold Level" is limited to \$2,500.00 USD.

See your local dealer for details.

All services covered for LIFETIME!*

*See your service advisor for complete program details and specific information.
